Sources :

- **Auth0 Blog** : Le blog couvre des sujets essentiels tels que la gestion des utilisateurs, la sécurité des API et intégrations de framework.
(1 article/semaine)
- **CSS-Tricks** : Blog contenant de nombreux tutoriels et articles sur le développement front-end, elle offre des astuces et techniques pour l'amélioration de l'application. *(6 articles/semaine)*
- **MongoDB Blog** : Le blog MongoDB propose des articles sur l'optimisation de la base de données, la gestion des performances, les stratégies de scalabilité, des intégrations avec différents langages et ainsi que des tutoriels et tutoriels sur les bases données NoSQL. *(5 articles/semaine)*
- **Node.js Blog** : Blog contenant de nombreux guides et conseils pour de meilleur pratique comme la mise à jour de la plateforme, très utiles pour le développement de L'API et la gestion de serveurs. *(1 article/semaine)*
- **Modern Web**: Une plateforme de podcast qui aborde les dernières tendances et technologies dans le développement web.
(1 article/semaine)
- **React Blog** : Le blog contient de nombreuses nouveautés de la bibliothèque, pratique recommandées pour le développement des applications React .
(1 article/mois)

Feedly Veille Technologique

Capture d'écran des sources Axe 1 :

The screenshot displays the Feedly application interface. On the left, a sidebar contains navigation options: 'Feedly AI', 'Integrations & API', 'FEEDS' (with a list including 'Menu Marker Project', 'Auth0 Blog', 'CSS-Tricks', 'Modern Web', 'MongoDB | Blog', 'Node.js Blog', 'React Blog', 'Web development', and 'Create New Folder'), and 'BOARDS' (with 'Create New Board', 'Recently Read', 'Changelog', and 'Learn and Get Support'). The main content area is titled 'Auth0 Blog' and shows a feed of articles. The first article is 'What Is Attribute-Based Access Control (ABAC) and How to Implement It in a Rails API?' by carla.urrea@okta.com, dated AUG 9, 2024. The second article is 'Secure Node.js Applications from Supply Chain Attacks' by leo.zanivan@okta.com, dated JUL 25, 2024. The third article is 'A Developer's Journey with User Authentication: Species360', dated JUL 22, 2024. The fourth article is 'New Auth0 Integration for Vercel: Available Now', dated 28d. The right sidebar, titled 'YOU MIGHT ALSO LIKE', features recommendations for 'Work Life by Atlassian', 'Gusto Engineering - Medium', and 'Capgemini Software Engineering'. The bottom of the feed area indicates 'END OF FEED'.

The screenshot displays the Feedly application interface with the 'CSS-Tricks' feed selected. The sidebar on the left is identical to the previous screenshot. The main content area is titled 'CSS-Tricks' and shows a feed of articles. The first article is 'On the Ground at Frostapalooza' by Ryan Trimble, dated YESTERDAY. The second article is 'All About JavaScript Loops' by Erick Merchant, dated YESTERDAY. The third article is 'CSSWG Minutes Telecon (2024-08-14)' by Geoff Graham, dated AUG 16, 2024. The fourth article is 'Dialogues Blog' by Geoff Graham, dated AUG 15, 2024. The fifth article is 'How are the 'colspan' and 'rowspan' attributes different?'. The right sidebar, titled 'YOU MIGHT ALSO LIKE', features recommendations for 'Envato Tuts+ Code', 'WebAppers', and 'A List Apart: The Full Feed'. The bottom of the feed area indicates 'END OF FEED'.
